**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 19, 2005 has been entered.

The following is an examiner's statement of reasons for allowance:

Prior Art does not disclose a vehicle suspension having leaf springs and air springs further having an anti-roll bar or tube rigidly connected at or adjacent the pivotal connection of the leaf springs and the bar or tube extending directly, perpendicularly transverse between the leaf springs.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sauber (USPN 4,633,564), Sweet et al. (USPN 4,097,034).
